BRIGHT YOUNG THINGS

SAUVIGNON BLANC

LIMESTONE COAST

Grapes for our Art Series wines are sourced from a selection of premium vineyards within the renowned Limestone Coast growing region. The diversity in climate and geography makes it the perfect fruit source for the equally diverse Art Series range.

Vineyards are carefully selected based on their suitability for each wine's individual personality. We look to warmer sub-regions for reds and cooler sub-regions for the whites. The wines are then crafted to a consistent style and quality, which is perfect for everyday drinking or more salubrious occasions.

Winemaking Notes

Fruit for our Bright Young Things Sauvignon Blanc is from the Kongerong vineyard in Mt Gambier, at the southern end of the Limestone Coast. It's here where the influence of the Antarctic is greatest and where Sauvignon Blanc thrives. This produces high levels of natural acidity, translating to crisp and lively Sauvignon Blanc with intense aromatics and a clean, fresh palate.

Following harvest the fruit was taken immediately for crushing to avoid extended skin contact and unnecessary handling. Fermentation took place in stainless steel tanks to ensure a fresh and vibrant finish before being filtered, fined and bottled early to maximize vibrancy. Whether it's lunch with family and friends, or a sunset picnic on the beach, this Bright Young Thing is a guaranteed crowd pleaser.
